A Higher Level of Creativity

Bree is a contemporary American jewelry designer who travels all over the world to find inspiration for her avant-garde designs. She considers herself a very chic woman whether she is in jeans and bare feet or stilettos and silk. She calls Paris home and has settled into a Parisian flat with her Persian cat Delilah and her full-size poodle Samson. Her home reflects her inspirations from her travels abroad and she loves surrounding herself with colors from nature. She feels inspired by the soothing cool greens, fresh petal pinks, and warm Amber hues that are found throughout her flat and relishes the vibrant palette against the white backdrop of the floors and walls. She has an appreciation for the traditional Parisian lines but loves juxtaposing it with the clean lines of American contemporary designs. Many times, you will find Bree sitting on her shag rug with her jewelry sketches strewn about with the warmth of the crackling fire as she makes the choices for her newest cutting-edge jewelry collection. As Coco Chanel once said, "In order to be irreplaceable, one must always be different" and Bree always strives to pair colors and designs that are alluring and distinctive.
